

NURTURING AGRIBUSINESS SUCCESS FROM FARM TO HOME

At SEK, our passion for the agricultural sector spans every facet of agribusiness, from farm to home. We understand the unique challenges and opportunities within the landscape, from dairy and livestock operations to orchards, crops, tree farms, and custom farming operations. Additionally, we have experience with agricultural support businesses, including agriculture equipment, seed and agrochemical companies, and more.

With over 55 years of combined experience serving more than 150 ag-clients of all sizes, our team offers unparalleled insights and tailored solutions to drive your agribusiness forward.

ROOTED IN AGRICULTURE, GROWING WITH YOU

Our team's personal connections to agriculture—spanning from childhood farm experiences to recognizing the critical role of CPAs in agribusiness—fuel our commitment to your success. We offer comprehensive services designed to maximize efficiency, optimize tax strategies, and ensure sustainable growth:

- **Tax Planning and Compliance:** Leverage ag-specific credits and deductions, including the Resource Enhancement & Protection (REAP) Program credit, Inflation Reduction Act energy tax credits, and the Beginning Farmer Tax Credit.
- **QuickBooks Training and Consulting:** Empower your financial management with customized QuickBooks solutions.
- **Financial Statement Preparation and Cash Flow Management:** Ensure accurate reporting and effective cash management to support decision-making.
- **Succession Planning and Business Valuation Services:** Prepare for the future with strategic succession planning and accurate valuation of your agribusiness.
- **Merger & Acquisition Advisory:** Navigate complex transactions with our expert advisory services.

In addition to our core services, we've broadened our offerings to meet the specific needs of the agribusiness sector:

- **Customized Payroll Services:** Tailored for agribusinesses, ensuring compliance and efficiency.
- **Audits, Reviews, Compilations:** Comprehensive assurance services that meet your agribusiness requirements.
- **HR Consulting and Retirement Plan Consulting:** Expert guidance to manage your workforce and plan for the future.
- **Entity Structure Analysis:** Optimize your business structure for tax efficiency and operational effectiveness.
